The National Education Policy-2020, mainly emphasis, on improvement of quality of higher education, which plays an extremely important role in promoting human as well as societal wellbeing and in developing India as envisioned in its Constitution. Quality of higher education is must aim to develop good, thoughtful, well-rounded, and creative individuals. It must enable an individual to study one or more specialized areas of interest at a deep level, and also develop character, ethical and Constitutional values, intellectual curiosity, scientific temper, creativity, spirit of service. A quality higher education must enable personal accomplishment and enlightenment, constructive public engagement, and productive contribution to the society. It must prepare students for more meaningful and satisfying lives and work roles and enable economic independence.

Accordingly, the AP State Council of Higher Education (APSCHE) revised the curricular framework of General UG Programmes in accordance with NEP 2020 and Revised Curricular Structure of UGC. The major change in the proposed curriculum is a shift from three majors to single majors along with multiple entry and exit options. In this connection the Secretary, APSCHE, Mangalagiri, in his letter cited in the 1<sup>st</sup> reference, requested the Commissioner of Collegiate Education, AP (CCE-AP) to initiate the process of conversion of three majors into single majors in all Government Degree Colleges to be in effect from 2023-24 academic year

By taking into account of the prevailing scenario in the Colleges, to design the overall development of the student in multifaceted way with available infrastructure in the Colleges, sanctioned posts, admissions made in the Colleges for the past three years, series of meetings have been convened on conversion of existing UG Programs in Three Majors to Single Major from the Academic Year 2023 -2024, with Principals, IQAC Coordinators and Subject Experts from the Government Degree Colleges, to represent a student in a society to meet the global challenges after completion of their under graduation, in the job market, on the strength of the representations received from all Government Degree College Principals in the State, to change the old adopted programs to meet the global demand, series of meetings have been conducted in various platforms with subject experts and other academicians including all the Principals of Government Degree Colleges and during the course of deliberate discussions and suggestions made by them, at their request, the single major programmes are finalized.

In the above back drop, as per the proposals submitted by the Principals in various platforms and after having deliberate discussions, with all the Principals of Government Degree Colleges in the state, while enclosing the College wise, Single Major programme, permitted to run in their respective Colleges as mentioned against each Government Degree College, they are directed to take further steps, for the ensuing admissions being carried for the academic year 2023-2024.

Further they are also requested to intimate the changes to the respective Affiliating University Registrars in their jurisdiction for its recognition/affiliation of programmes and further necessary action.

Receipt of these proceedings should be acknowledged.

# A COMPARATIVE STUDY OF LIC AND PRIVATE INSURANCE PLAYERS: AN ELEMENT OF LIFE INSURANCE BUSINESS IN INDIA

Dr. P. Divakara Rao

M.Com, Ph.D, Lecturer in Commerce, Government Degree College, Perumallapuram, Kakinada (dt), A.P.

## ABSTRACT

The life insurance sector in India has evolved significantly since the liberalization of the economy in 1991, marked by the entry of private players into the industry. This research article undertakes a comparative study of an essential element of the life insurance business: product offerings and customer preferences between the Life Insurance Corporation of India (LIC) and private insurance players. By examining parameters such as market share, product innovation, customer service, and financial performance, this study aims to provide a comprehensive understanding of the competitive dynamics between LIC and private insurance firms. Findings reveal that while LIC remains dominant in terms of trust and market penetration, private insurers are rapidly gaining ground through tailored products, customer-centric services, and technological innovations.

## 1. INTRODUCTION

The Indian life insurance industry has witnessed significant growth and transformation over the past two decades. Prior to 2000, the Life Insurance Corporation of India (LIC) held a monopoly in the sector. However, the liberalization of the insurance industry in 2000 saw the entry of several private players, creating a competitive environment. As of today, the insurance landscape in India comprises LIC, a public sector entity, and 24 private life insurance companies. This paper focuses on a comparative analysis of one critical element of the life insurance business: product diversity and customer engagement strategies of LIC and private insurers.

## 2. OBJECTIVES OF THE STUDY

The primary objectives of this research are:

- To examine and compare the product offerings of LIC and private life insurance companies.
- To analyze market trends and customer preferences in the life insurance sector.
- To assess the financial performance of LIC and private insurers.
- To explore the technological and service innovations adopted by private insurance firms compared to LIC.

## 3. METHODOLOGY

This study is based on secondary data sourced from the annual reports of LIC, private insurance companies, regulatory filings, and industry reports. It also includes surveys and customer feedback data available from insurance bodies like the Insurance Regulatory and Development Authority of India (IRDAI). Statistical tools like market share analysis, growth trends, and customer preference analysis were employed for the comparative evaluation.

## 4. THE EVOLUTION OF LIFE INSURANCE IN INDIA

The history of life insurance in India dates back to 1818 when the first Indian life insurance company, the Oriental Life Insurance Company, was established in Calcutta. Over the years, several

companies entered the market until the nationalization of the sector in 1956, which led to the formation of LIC as the sole provider. With economic reforms in 1991, the insurance sector opened to private competition in 2000. The privatization era has seen a transformation in how life insurance is sold, perceived, and managed in India.

## 5. COMPARATIVE ANALYSIS OF LIC AND PRIVATE INSURANCE PLAYERS

### 5.1. Market Share and Customer Base

LIC continues to dominate the life insurance market in India, with a market share of approximately 66.2% in FY 2023. Despite losing ground to private players over the years, LIC's vast reach, strong brand reputation, and established trust with policyholders give it a significant advantage. On the other hand, private insurers like ICICI Prudential, HDFC Life, and SBI Life have steadily gained market share through aggressive marketing, innovative products, and strategic distribution channels.

### 5.2. Product Offerings

LIC has traditionally offered conventional insurance products, including endowment plans, money-back policies, and whole-life policies. These products are highly popular in rural and semi-urban areas due to their perceived safety and long-term savings benefits. However, in recent years, LIC has introduced unit-linked insurance plans (ULIPs) and pension schemes to compete with the offerings of private players.

Private insurers have been quicker to adopt market-driven products. Their portfolios include ULIPs, term insurance with flexible riders, critical illness policies, and innovative savings-cum-insurance plans. These insurers focus on customer-centric products tailored to specific needs, offering more customization compared to LIC's largely traditional offerings.

### 5.3. Customer Service and Engagement

LIC, with its legacy systems and vast network of agents, remains an institution of trust, particularly for older and rural customers.

# An Overview on The Performance of Life Insurance Business in India Post-Liberalization

Dr. P. Divakara Rao<sup>1</sup>

<sup>1</sup>M. Com, B.Ed., Ph.D., Lecturer in Commerce, Government Degree College, Perumallapuram, Kakinada(dt), A.P

**Abstract**—This paper presents an analysis of the performance of the life insurance industry in India following economic liberalization. It highlights significant changes brought about by regulatory reforms, increased competition from private and foreign players, and market trends over the past decades. Using key performance indicators (KPIs), the study reviews growth metrics, innovation in product offerings, and challenges faced by the industry in the current environment. The research concludes by discussing opportunities for further growth and suggesting strategies for improving market penetration.

## I. INTRODUCTION

The life insurance industry in India has undergone substantial transformation since the economic liberalization in 1991, a period marked by government-initiated reforms aimed at enhancing efficiency, competitiveness, and growth in various sectors. Prior to this, the Life Insurance Corporation of India (LIC) held a monopoly on life insurance, resulting in limited choice and reach for Indian consumers. This paper explores the impact of liberalization on the life insurance sector, analysing performance trends, challenges, and future prospects in the industry.

### A. Need of the Study

1. **Industry Insight:** Liberalization has transformed the life insurance industry, making it essential to understand its implications on business performance.
2. **Economic Relevance:** Life insurance contributes significantly to India's financial ecosystem; assessing its progress is crucial.

3. **Policy Formulation:** Insights from the study can help regulators and policymakers design better policies for market growth.
4. **Consumer Awareness:** Understanding market trends aids consumers in making informed insurance choices.
5. **Research Gap:** While several studies focus on the insurance sector, comprehensive analyses of post-liberalization impacts remain limited.

### B. Statement of the Study

This study aims to provide a comprehensive overview of the performance of the life insurance industry in India in the post-liberalization era. It focuses on comparing the public and private sectors, analysing key performance indicators, and examining the broader impact of liberalization policies on the industry's growth and market dynamics.

### C. objectives of the Study

1. To analyse the performance trends of life insurance companies in India post-liberalization.
2. To compare the operational and financial performance of public and private sector life insurance companies.
3. To evaluate the impact of liberalization policies on the life insurance industry.
4. To identify key challenges and opportunities faced by life insurance companies in the liberalized era.
5. To study the consumer behaviour and market dynamics within the life insurance sector.

### D. Methodology

1. **Research Design:** Descriptive and analytical.
2. **Data Sources:**

## CLASSICAL AND QUANTUM MECHANICS ON RIEMANN MANIFOLDS

### ABSTRACT

This article explores the fascinating interplay between classical and quantum mechanics on Riemann manifolds. We delve into the geometrical aspects of classical mechanics, the quantization process, and the resulting quantum mechanics on curved spaces. The study of these topics provides profound insights into the nature of space, time, and the fundamental laws of physics.

Keywords: Riemannian manifolds, geodesics, Laplace-Beltrami operator, quantum mechanics, Schrödinger equation, path integrals, curvature, spectral theory

Mathematics Subject Classification (MSC2020): 35Q40, 58J50, 53C22, 81Q05

### 1 Introduction

Riemannian manifolds offer a robust mathematical framework for studying curved spaces, a vital concept in both classical and quantum mechanics. Let  $(M, g)$  represent a Riemannian manifold where  $M$  is a smooth manifold and  $g$  is the Riemannian metric, a smooth, positive-definite bilinear form. The metric  $g$  allows us to define the length of a vector  $v \in T_p M$  (the tangent space at point  $p$ ) as:

## **Lab procedural rules and regulations**

- The student must attend the lab sharply with the dress code
- Before starting the experiment the demonstrator/teacher has to deliver demo regarding the experiment and also has to explain procedure of the experiment detailly.
- They a allotment of experiments based on availability of devices/setup.
- In case unfortunately/by mistake damage or crack or broken the glassware or any physical damage happen causes penalty has to reimbursed , otherwise they can hand over for same operators within one or two weeks.
- While performing the experiment each candidate has responsible till finish the experiment.
- Before undertake the experiment the students have to collect the operators or equipments with their signatures of the separate register book.
- Lab attendance should maintain separately for the students.
- In every department as availability of experiments intended operators as allotted as per the proportionate ratio
- Should maintain a separate register for collecting fee of disturbed or damaged operators.
- The students should take the readings carefully/accurately so as implemented mechanism for carry out the experiment.
- Student should maintain the observation book with tabular forms, uniform, calculations, logbook etc.
- The student should perform experiment till complete the experiment otherwise she/he has to repeat the experiment.
- The student has to submit the data after finish within a one week
- All the students submit their records as per prescribed form before 2 weeks of commencement of practical examinations.
- The practical examiner move as per blue print/categorized marks at the time of assessment.

## Classroom procedure

- The student must come with wearing uniform.
- Classes will follow as per the time table allotted for the Students.
- While starting the classes, students will not permitted except concern teacher permission.
- As and when not permitted in and out except permission of the teacher.
- Students will be attended at the time of starting classes punctually.
- Students will follow as per the schedule framed by the control of examinations for internal examinations.
- Students have to give seminars, Assignments, Debates etc. as per the schedule, which is earlier infirmed to the students through circular.
- Students have to involve compulsory in certain national and international celebration days.
- Students should maintain class notes as per the time table.

## Library procedure

- Students have allowed to borrow their books to their home.
- In case if any misuse or missed the books, they have to pay the twice cost of original book at the time of TC issued, if it is not possible such a case, the student has to bring the new book of same copy.
- Before entering into library/reading room students put signature compulsory on a maintained register in the library.
- Students have to take books with permission of librarian, otherwise it's coming under improper behavior.
- A separate borrower's book should be maintained for shake of student borrowers.
- Students should not bring their own books while entering in to the library.
- Interdisciplinary/improper behavior found any case will be suspended for 1 month period entering to the library.
- The penalty will be collecting periodically for the late submission of books by the borrowers.
- Different digital libraries at concerned prestigious universities/institutes will be guided for the students for utilizing e books.
- Certain free handbooks/bulletins will allowed for free acquiring information to the students.
- Daily newspapers will be allowed and the opened at all time, which are separately placed at reading area for reading the students.
- Paper clips Will be displayed and allowed to see them in a prescribed format for

## **Sports procedure**

- Students are playing games like volleyball, shuttle, Kabaddi at college ground at the time of allotted sports classes.
- The college has sufficient sports kits for all games supplying for the students to play at leisure time.
- Students are advised those who are involved in University, district and State level competitions.
- Students are interestingly participated in occasionally conducting sports in the college and distributed prizes.
